INSPIRING BEYOND MEASURE

Year __ Spring term 1

English

In English, we are focussing on newspaper reports. The children have been given the book 'Tuesday' as a stimulus for their writing. After this, we will be writing a science fiction story and creating a class anthology.

PE

Year 6 will have one PE lesson a week on Wednesday afternoons with Mrs Alcock during PPA time. Please make sure their PE kit is in school. Some sessions may be outside so ensure they have warm clothing

Science, History, Curriculum

D&T/computing - We are using Kodu to programme our own online world that users can access and enjoy.

Geography—In geography we are looking at the Americas. Including physical such as the climate, landscapes and rivers. Human geography including population and tourism.

RE—Our RE topic this term is Sikhism

Homework

Children have been given SATS revision books. The expectation is that your child completes one page per week for this half term. We have also given them log ins for Hegarty maths and we will be setting 5 challenges a week for them to complete

<https://hegartymaths.com>

Maths

In maths we are covering measure, ratio, statistics, area/perimeter and percentages.

Science

In science we are learning about evolution including traits, characteristics and Darwin's theory of evolution.

Other useful info...

Please encourage your child to continue reading at home and post their reviews on the blog.
